Xamarin android back button. Xamarin action. Xamarin android toolbar. Xamarin forms android back button. Xamarin android barcode scanner.

This is an android tutorial to show a dropdown menu in the action bar. We use Xamarin as our Framework with C# as our language using Android.App; using Android.Widget; using Android.OS; namespace ActionBarMenu { [Activity(Label = "ActionBarMenu", MainLauncher = true, Icon = "@drawable/icon")] public class MainActivity : Activity, ActionBar.IOnNavigationItemSelectedListener { private readonly string[] menuItems = { "Politics", "Technology", "Sports", "Finance" }; private ArrayAdapter<string> mAdapter; protected override void onCreate(Bundle bundle) { base.onCreate(bundle); // Set our view from the "main" layout resource setContentView(Resource.Layout.Main); ActionBar ab = this.ActionBar; ab.NavigationMode=ActionBar.NavigationMode.List; ab.SetListNavigationCallbacks(getMyAdapter(), this); } public bool OnNavigationItemSelectedListener(int itemPosition, long itemId) { Toast.MakeText(this, menuItems[itemPosition], ToastLength.Short).Show(); return false; } } Main.axmlHere's our empty layout.
